Art. 375 and Art. 395
Large circle embossed
Ø 20 mm
Height 100 cm (A. 375),
150 cm (A. 395)
Thickness 1.25 mm
Length 30 meters
Colors: 320-370-380-357-
347-390-333-334-310

Art. 370 and Art. 390
Large circle embossed
Ø 20 mm
Height 100 cm (A. 370),
150 cm (A. 390)
Thickness 1.6 mm
Length 25 meters
Colors: 320-370-380-357-
347-390-333-334-310

Art. 368 and Art. 391
Small circle embossed
Ø 5 mm
Height 100 cm (A. 368),
150 cm (A. 391)
Thickness 1.6 mm
Length 25 meters
colors: 320-370-380-357-
347-390-333-334

Art. 378 and Art. 379
Metal sheet pattern
Height 100 cm (A. 378),
150 cm (A. 379)
Thickness 1.6 mm
Length 25 meters
colors: black and silver

Light floor
covering
in PVC and
thermoplastic
rubber, installed
without adhesive

Resistance to solvents:
Resistant to the majority
of acids and diluted alkali.
Swells with aromatic
solvents and chlorides.

**Resistance to mineral
oils:** good

Fire resistance:
CE class Bfl-s1

The surface is composed
of a wear-resistant
thermoplastic rubber/
PVC blend and comprises
roughly one third of the
total thickness.
The lower layer is made
of PVC, plasticisers and
mineral loads.

Important Note: as for all vinyl flooring, tires and other rubber objects may cause scuffs or dark marks
